

GLA17/6.2 Location of Board Meetings

22 January 2008

BOARD PAPER REFERENCE – GLA17/6.2 – Location of Board meetings

Issue

1. To review the location of future Board meetings.

Recommendations

2. Board to decide whether the current arrangements continue.
3. Board to confirm April meeting to be held at USDAW in Warrington.

Background

4. The GLA made a commitment to the Board that meetings would alternate between Nottingham and another location in the UK, with one in the devolved administrations each year.
5. The GLA would like the Board to consider whether these arrangements are still practical, or whether alternating between Nottingham / London based venues would be a more convenient option.
6. USDAW have offered to host the April meeting at their offices in Warrington. Could the Board confirm that this is a suitable venue, particularly for those travelling by public transport.
