

Freedom of Information Act Request

Ref: FOI 21-22 20

Date issued: 29 October 2021

Subject: Gangmaster licences on Strangford Lough

Question(s):

Please under the freedom of information act could you disclose how many successful gangmasters licences have been issued on Strangford Lough in the past 5 years.

Response:

The GLAA does not licence people or businesses to work on specific pieces of water. Therefore, the GLAA does not hold the data you are looking for. However, you may be interested in looking on the GLAA's public register if you know the name of a business operating in the area. You can find out more here:
